Meeting the People Who Make Lives Better

What's your perfect weekend?

Socialising with friends locally and training for MMA.

Describe a moment in your current role that made you feel especially proud.

Getting to grips with all the systems used in the Data Team and across the Trust such as Arbor.

What's something surprising about your job that most people wouldn't know?

How interesting the job role can be from day-to-day.

If you could swap roles with anyone in the Trust for a day, who would it be and what would you hope to learn?

I would swap with the CSEL because I think it would be really interesting to look at our roles from a higher view.

What's one thing on your bucket list you still hope to tick off?

A sky dive at some point or get a skydiving license.

Do you have a favourite place you love to visit again and again?

Cyprus – I have been once and would love to go again, it is hot and the sea is crystal clear.

In one sentence, how would you sum up what "Making Lives Better" means to you?

Helping people and taking the weight off people's shoulders.

Which book, TV show or film do you recommend to everyone?

Good Will Hunting – film.

What do you think makes our Trust a unique place to work or learn?

How many people are in the office and how everyone has a different role to help the schools succeed.

If you could instantly learn a new skill to use in your role, what would it be?

How to write professional communications to communicate efficiently with colleagues across the Trust.

We hope you have enjoyed learning about a member of our Trust family who works so hard to Make Lives Matter. If you would like the opportunity to work with people like this, please visit our Trust website to learn more.
