

Our Commitment to You

Innovation Team

Across our Trust Central Team, every team makes a commitment to our schools. Here are some of the ways each team supports our schools to make lives better for our children and young people. Below, you can see how the Innovation Team supports our schools.

1. Support you to keep your school website compliant and inspection-ready through regular reviews, clear actions and ongoing guidance.
2. Provide a clear and consistent Trust-wide communication approach, reducing duplication and making sure key messages land well.
3. Ensure all Trust and school materials are well presented and on brand, with templates and guidance that make this easy to achieve.
4. Lead the safe and effective use of AI across the Trust, with clear guidance, approved tools and practical training.
5. Support you in using SharePoint as a secure, organised and useful space for collaboration across your school and the Trust.
6. Support the rollout of pupil devices in a structured and sustainable way, with clear planning, training and ongoing review.
7. Provide opportunities for your voice to be heard and acted upon, through structured feedback, and regular, impactful stakeholder engagement work.
8. Promote and celebrate the life of your school and the wider Trust, including Catholic Life, events and key moments.
9. Coordinate press and media activity professionally, helping you share positive stories and manage sensitive situations well.
10. Support you during critical incidents with clear, calm and coordinated communication guidance, so you are never managing this alone.
